

SAF-INSTANT BLUE

35050

DESCRIPTION

Saf-Instant® Blue is a granular free-flowing yeast for use in doughs with sugar levels from 10 - 30% (Baker's Percent) and with short-time fermentation processes. If you are currently adding sufficient oxidation, Saf-Instant Blue is recommended.

ADVANTAGES

- Provides uniform fermentation throughout your baking system
- Vacuum packaging ensures freshness, consistency, and minimal activity loss until opening
- Provides tolerance to higher dough temperatures
- Improves machinability
- Free-flowing properties make it as easy to scale and meter as other dry ingredients
- Warmer dough temperatures are preferred while using Saf-Instant Blue; this decreases the need to cool doughs to maintain proper fermentation
- Can reduce mixing time 10 - 30%, compared to compressed yeast

RECOMMENDED USAGE

Saf-Instant Blue is recommended in the following baked goods:

- Bagels
- Bread crumbs
- Bread sticks
- Crackers
- Donuts
- English muffins
- Hearth breads
- Pita breads
- Pizza crust

DOUGH TEMPERATURES

An increase of 3° - 5°F over normal dough temperatures may be required to achieve desired fermentation level.

CERTIFICATIONS

- Non-GMO by Bio-Checked™
- Kosher Parve
- Halal

PACKAGING

Product code 35050:

- 50 lb foil vacuum package in a corrugated cardboard carton
- 45 cases/pallet

STORAGE

- Shelf life of unopened product stored in cool dry conditions is 2 years from production date
- Refrigeration is not required for unopened packages
